

TEEN COUNCIL OF PIERCE COUNTY (TCPC)

In 2006, the Pierce County Juvenile Court established the Teen Council of Pierce County. The mission of the program is to provide the Pierce County Juvenile Court and community with youth feedback that will help create change, empower youth, and reduce violence and discrimination.

- Youth who have been court-involved are nominated to participate based on their positive progress, desire for leadership opportunity and the desire to be a voice for their peers.
- TCPC has provided the court and community with youth voice by leading probation feedback forums, administering surveys, participating in community forums and holding a Youth Summit.
